# Warrior Broadcast

*Grandparents Day is October 17th. Due to an increasing number of grandparents who are requesting that they be able to take their grandchildren home with them after lunch, we will be dismissing all classes at 1:00 that day. This also allows us a chance to put the place back together after the luncheon. We want this day to be a great time for each grandparent and grandchild. Please remember that we do allow special friends if a child does not have a grandparent who can come.*

*We will be having our annual Fall Frolic on October 3rd. The festivities will begin at 1:00, so feel free to come and observe all that goes on that afternoon.*

*Please be considerate of your student's fellow classmates and teachers by keeping your children home when they have a fever over 99.8° before medication, have a persistent cough, are vomiting or have pink eye. This is especially important given the full house we have this year.*

*The fundraiser wraps up this Friday. Please make sure to bring the order forms back to the office at that time.*

*We would ask that all dress code policies be adhered to. We are still having some issues with the length of skirts and as parents you have the responsibility to be an example to your children in making sure rules are being followed.*
